THE SOLDIER SMITH

Held For the Murder of His Comrade Carter.

BLAZER FIGHTS AGAINST FATE

Trial Day Set For a Long List of Defendants in the District Court—Fronate, County and Police Cases.

Rufus Smith, the soldier who is charged with the murder of William Carter, a comrade, at Fort Douglas a short time ago, was arraigned in the Third district court yesterday morning. Smith is a tall, wiry man about thirty years of age, and has the appearance of being somewhat sullen in his disposition. If remorse has been gnawing at his vitals since his incarceration, there is no evidence of the fact in his features. He listened calmly to the reading of the indictment charging him with murder in the first degree, and quietly entered a plea of not guilty. Judge Powers has been engaged to defend Smith, and the trial will be held next term.

John Kane, H. Simpson and John Burk, charged with stealing goods from a Union Pacific car, were next arraigned, and all pleaded guilty to the charge of burglary. They were sentenced to two years' imprisonment each in the penitentiary.

John C. Howard, a youth with an unsavory record who was arrested some time ago while in the act of attempting to pick a woman's pocket, pleaded guilty to the charge of assault with intent to commit larceny and was sent to the reform school.

Charles Blazer, who was convicted in the Third district court a short time ago of obtaining money under false pretenses, appeared in court for sentence, but his attorneys interposed a motion in arrest of judgment. The motion was overruled, and the defense at once moved for a new trial, and the whole matter went over until today, when the arguments will be made. If this motion fails Blazer's resources will be exhausted, and he will have to take his medicine.

Harvey Hall, charged with assault with intent to commit murder, pleaded not guilty.

E. J. Holland and F. J. White, charged with robbing Patrick Mehan of \$400 at a saloon near the Rio Grande depot on April 15, were arraigned and took until June 20 to plead.

John Lynch, charged with embezzling \$1000 which he collected for J. P. DeWoolley also took the statutory time in which to plead.

William Hill, charged with burglary, pleaded not guilty and the court fixed his bond at \$300.

In the case of J. W. McVain, charged with embezzlement, the prosecution entered a nolle prosequi, the defendant having been previously convicted of the same offense.

From the indictments returned by the grand jury it was learned that Banker Whitmore, of Nephi, who was recently victimized out of \$6000 by a couple of "gold nicks" sharp had been charged with battery upon Leonard, who played the part of the Mexican in the transaction. It is alleged that in trying to bring a confession from Leonard, Whitmore resorted to the methods of the inquisition.

The following defendants were ordered to appear for arraignment on June 20th: George Echebillo, fornication; G. C. Whitmore, battery; Annie Prindle, assault with intent to murder.

The case of J. E. Armstrong vs. H. W. Veatch was set for June 15th.

The case of S. R. Marks et al. vs. Margaret Tuckett et al. was set for the same date.

A similar order was made in the case of Ida Hughes vs. John H. Hughes et al.

The county surveyor reported that the stones marking the boundary line between Salt Lake and Davis counties are set upon the line; also that there is an error in the notes of the survey of said line and asking permission to correct the same. Permission was granted as prayed.

R. J. Topping presented a petition asking that the franchise granted to Mary S. Hodson to lay water pipe in district No. 11 be rescinded. Ordered filed.

The Salt Lake Rapid Transit company presented a petition praying for permission to make an offset in their line to the west, that they may avoid the ditch on the east side of State street.

It is ordered that the petition be referred to Messrs. Bartch and Howe with power to act.

The petition of C. G. Wilkinson asking for relief on tax sale was referred to the county attorney.

The petition of Louis Martin and Henry I. Burnett asking for relief on account of double assessment was presented, and on motion duly made and carried the petition was granted.

The petition of J. A. Williamson, asking for a quit claim deed to certain property sold for taxes in 1885 was presented and referred to the attorney.

The bid of David Proctor to furnish 100 bridge stringers at 11 cents per running foot was accepted; also the bid of Heber Cole to lay bridge ties at 2 cents each and an order placed for 300 such ties in accordance with his bid.

DOWN AT THE BEEL.
There is a prodigious number of persons who feel very much down at the heel just now. All they really need is a dose of St. Patrick's Pills to cleanse and renovate their system. It would do them more good than a dollar bottle of any blood purifier. For sale by Z. C. M. L. drug dept.

A NEW STAGE LINE.
The Union Pacific has commenced selling tickets from Salt Lake to Albion, Idaho, via Minidoka, at \$12.40. Persons going into Cache county via this route will avoid the long stage ride of sixty miles via Kelton, as the distance via stage from Minidoka to Albion is only thirty miles. Parties may leave Salt Lake on the evening of one day and arrive at Minidoka the afternoon of the second day without difficulty.

WORK ON CONDUIT

Slow Progress in Laying the Concrete.

ONLY ONE AND A HALF MILES DONE

About Four Miles Still to be Concreted and the Brick Work to be Put in—The Tunnels Well Up.

While all Salt Lake was drifting toward the churches on Sunday, a HERALD reporter drifted out toward Parley's canon to inspect the work on the water conduit which is to be, but will not be, completed in another month. Hobson's contract is being carried out rapidly. Of the five and a half miles long ditch all but one mile is already dug. The six tunnels he is building will be completed in less than two weeks, although he is experiencing great difficulty with the old canal. The water of which is continually seeping through, creating delay and danger of breaks. It was this that caused the serious break of one of the tunnels last week.

It is different with Du Bois' contract. His work is hopelessly behind, not more than a mile and a half of concrete being laid as yet. The brick work, which must wait for the cementing to be done, is accordingly behind. This delay was caused in the first place by Du Bois' trying to use a cement which the city engineer rejected, and he had to send for Milwaukee cement.

Since then his force has been too small, except at one time when he made a brief spurt, to make rapid strides ahead.

The receiving tank, which is to get the water from both Parley's and Emigration canyons, whence it will be carried to the Twentieth ward system and the Thirtieth East street reservoir, respectively, is about twenty feet in diameter and thirteen feet deep. Besides this, connections are made with the Fifth, Seventh and Tenth South streets pipe lines. A settling tank will be located between Suicide Hook and Parley's creek about one half mile above the old brewery. Three wells will also be sunk to provide water for the people by whose houses the conduit is to pass. In part compensation for the right of way.

Engineer Doremus is urging the work on with all energy, and if Contractor DuBois could get an "early move" he might see the system in early operation.

A \$1200 BLAZE.
Started Among a Lot of Chemicals in Market Row.

On Sunday night P. N. Fanning and W. F. Farris, the proprietors of a tea store on Market Row, were at work in their place of business until about 11 o'clock packing some orders. Having finished this work, they locked up the store and left. Five minutes later Night Watchman Burgess saw a blue spring up among some boxes in the back room. He ran to the nearest alarm box and sent in an alarm and Chief Stanton's men were quickly on the ground and had a stream of water playing on the flames and the fire was soon under control, but not until the stock had been considerably damaged. The peculiar circumstances under which the fire occurred gave rise to the rumor that it was a case of arson. The proprietors stated to a HERALD reporter yesterday that this charge was absolutely false. When asked how they account for the origin of the fire, they stated that it probably started among a lot of chemicals, of which they had a considerable quantity stored in the room. The loss, as given by them, amounts to \$1,350 fully covered by insurance. Koltz's candy store adjoining the tea store, was somewhat damaged by water.

Dyspepsia

Few people have suffered more severely from dyspepsia than Mr. E. A. McMahon, a well known grocer of Staunton, Va. He says: "Before 1871 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 102 pounds, suffering burning sensations in the stomach."

Intense palpitation of the heart, nausea, and indigestion. I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Hood's Sarsaparilla, as he cured his wife of dyspepsia. I did so, and before taking the whole of a bottle I began to feel like a new man. The terrible pains to which I had been subjected, ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to tone up. With returning strength came activity of mind and body. Before the fifth bottle was taken I had regained my former weight and natural condition. I am today well and I ascribe it to taking Hood's Sarsaparilla."
